Lions and Marie Curie partnership.

How can you get involved?

Host a collection

This year Marie Curie have been given 3 dates to collect at all Morrison's in England, Scotland and Wales on March 8/9/10. Lions clubs are being given the opportunity to take on one or more of these dates in their local area. Could your Lions club get involved with a local collection?

Your local Marie Curie fundraiser will be contacting you shortly to discuss what dates you can support with.

Manage the local daffodil boxes

The Windsor Lions club couldn't attend the local collection, so instead supported Marie Curie by coordinating the Daffodil box campaign. Supported by their local fundraiser, they placed 58 Daffodil Boxes in local businesses (pubs, butchers, convenience stores etc) during February before collecting them back in again at the beginning of April. The club banked a fantastic £1240.45, enough to fund 62 hours of local nursing care.

Hold a Daffodil Fundraiser

Alternatively, why not organise a fundraising event during March to support the Great Daffodil Appeal. You could hold a quiz, race night or even a firewalk. The choice is yours. Your local fundraiser would be on hand to support you with anything you need along the way.

Lions clubs have raised an amazing £733,308, which has funded 36,655 hours of local nursing care during the last 5 years by supporting Marie Curies Great Daffodil Appeal. Thank you.
Let's continue to grow this amazing partnership.
