WHAT INFORMATION IS NEEDED BY YOUR MD DATA PROTECTION OFFICER TO WRITE A PRIVACY NOTICE?

It makes no difference whether your club has registered with the ICO, and paid the fee, or not. Equally it makes no difference whether your club has a website or not.

Your club still needs a Privacy Notice!

If you have a website then there should be a link to the privacy notice from the homepage in a prominent position.

Your MD Data Protection Officer can write this for your club by emailing the following information to robynbanks@lionsclubs.co.uk

- Does your club have a website?
If yes, what is the website address?
- Contact Information for:
the club Name/Position
Email
Address
Phone
Number
- Any Social Media used by the club, i.e. Facebook or Twitter etc?
- Any Annual events?
- Do you use any forms?
